

environmentally conscious hardwood.

Shaw Contract Group has proven the combination of high performance and environmental intelligence, we ensure continued customer and planet satisfaction. Our EnviroCore™ hardwood products reinforce forest sustainability practices through Shaw's environmentally conscious purchasing practices all the way to its low-waste manufacturing process.

real wood flooring made greener.

- EnviroCore™ is the first engineered hardwood to be Cradle to Cradle Certified.
- EnviroCore™ is made with 50% preconsumer recycled content and uses 50% less newly-harvested wood in 3/8" planks.
- GREENGUARD Children & Schools Certification; California Air and Resources Board compliant.
- Commercial grade finish resists scuffs up to six times better than other hardwood brands.
- Little or no acclimation time.

DESIGN IS
HUMAN
KIND.
