

Beautifully crafted. Thoroughly functional.

Show us a healing space and we'll show you the need for high-performance and multi-tasking at every turn. Floor coverings included. That's why our carpet is designed to act tough, look beautiful and remain true to our cradle-to-cradle commitment.

product: beam of light tile

Why Shaw Contract Group in Health Care:

- High Performance Cradle-to-Cradle Products in Tile and Broadloom
- Vendor Partner of the 9 largest Health Care GPO's
- Design Studio focused on unique requirements of Health Care environments
- Award winning Health Care designs including 2008 Best of NeoCon Health Care Textile (Graphic Nature)
- Shaw Contract Group is ranked #1 in Design, Performance, Service, Quality and Value by leading Facility Managers*
- Visit the new www.shawcontractgroup.com for project profiles, product specification and more

**2008 Floor Focus Magazine*

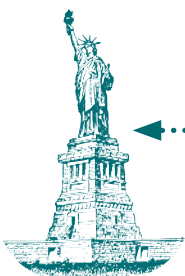

EcoWorx performance broadloom: Design for the healing environment comes full circle

- Made of non-PVC material with Silver Cradle-to-Cradle certification through McDonough Braungart Design Chemistry (MBDC)
- Lighter and more flexible than traditional backing, saving on shipping fuel and easing installation
- 12-foot broadloom with superior performance to 6-foot backing with fewer seams and excellent pattern match
- Impermeable moisture barrier prevents stains and liquid contaminants from ever reaching the subfloor
- Lifetime commercial warranty against edge ravel, zippering, delamination and moisture degradation
- Contains 20% post-consumer recycled content
- Contributes to LEED credits for recycled content, low-emitting materials and innovation in design
- Low VOCs meeting CRI Green Label and Green Label Plus Certification
- Backed with an environmental guarantee for cradle-to-cradle recycling
- High-performance cradle-to-cradle technology—sustainability at no additional cost

EcoWorx vital statistics: EcoWorx backing is hard at work in healthcare environments the world over.

Nine of the largest **healthcare purchasing organizations** include EcoWorx on their contracts.

In the past two years, we've sold more than **5 million square yards of carpet into the healthcare market.** That's more than enough to carpet a path from New York to San Francisco.
